- Our headteacher, DSL and appropriate members of staff have accessed and understood the DfE "[Sexual violence and sexual harassment between children in schools and colleges](#)" (2018) guidance and part 5 of '[Keeping children safe in education](#)' 2019.

- Rakegate Primary School recognises that sexual violence and sexual harassment between children can take place online. Examples may include;
  - Non-consensual sharing of sexual images and videos
  - Sexualised online bullying

    - If a criminal offence has been committed, the DSL (or deputy) will discuss this with the police first to ensure that investigations are not compromised.
  - review the handling of any incidents to ensure that best practice was implemented, and policies/procedures are appropriate.
- Rakegate Primary School recognises that internet brings the potential for the impact of any sexual violence and sexual harassment concerns to extend further than the local community, and for a victim or alleged perpetrator to become marginalised and excluded by online communities.
- Rakegate Primary School recognises the potential for repeat victimisation in the future if abusive content continues to exist somewhere online.
- To help minimise concerns, Rakegate Primary School will ensure that all members of the community are made aware of the potential social, psychological and criminal consequences of online sexual violence and sexual harassment by implementing a range of age and ability appropriate educational methods as part of our curriculum.

- We will ensure that all members of the community are aware of sources of support regarding online sexual violence and sexual harassment between learners.

  - It is an offence to possess, distribute, show and make indecent images of children. The Sexual Offences Act 2003 defines a child, for the purposes of indecent images, as anyone under the age of 18.

- implement appropriate sanctions in accordance with our behaviour policy but taking care not to further traumatise victims where possible.
- consider the deletion of images in accordance with the [UKCIS](#) guidance.
  - Images will only be deleted once the DSL has confirmed that other agencies do not need to be involved and are sure that to do so would not place a child at risk or compromise an investigation.
- review the handling of any incidents to ensure that best practice was implemented; the leadership team will also review and update any management procedures, where necessary.
