

Year 3 AUTUMN TERM 1: Home Learning Log

Choose <u>at least</u> one English task, one maths task and one topic/science task from the table below. The tasks are ranked accordingly, from 1 star being the easiest level to 3 stars being the hardest. You can choose which level you complete. If you wish to, you could complete <u>more than</u> three tasks. As part of your homework, your child needs to read 3 times a week and use Boom Readers to record. Also, the children will have weekly spellings to practise and learn their times tables using TTRS.

Star Ranking:	ENGLISH	MATHS	CREATIVE
Oral Hallming.	211002011	MATTIO	CURRICULUM/SCIENCE
*	This half term we are reading the book 'Stone Age Boy' by Satoshi Kitamura. Imagine you lived in the Stone Age. What adventures might you have? Create a storyboard using images and sentences to tell your story. Remember to use your best handwriting, capital letters and full stops.	If you knock down 2 pins at a time, what pins do you need to knock down to score – 7, 5, 3, What scores do you get if you knock down 3, 6 and 5?	Research your favourite animal to find out about their skeletons (if they have one!). Can you explain what jobs some of the bones do?
	Create a new friend that the boy might have. Describe your character using adjectives and expanded noun phrases eg A short, thin boy with straggly hair and long legs and knobbly knees. Describe their appearance and personality.	Take a spotted dice and roll it 3 times. Write down the 3 digit numbers that you make Eg 261 345 Now order them from smallest to greatest. What is the largest 3 digit number you could make? What is the smallest? Try 10 different times.	Create an information poster with your 10 favourite Stone Age facts and decorate the poster with images and drawings of things from the Stone Age.
**	Research Stonehenge and prepare an information leaflet for visitors telling them all about it. Add drawings or photographs. You could use these headings - Where is Stonehenge? When was it built? How was it built? What do experts think it was built for?	Using exactly 5 of the cards each time, how many different ways can you make 12? You can use addition and subtraction.	What are the different food groups? How much of each food should we be eating each day to stay healthy? Draw a plate of what a healthy breakfast, lunch and dinner plate would look like.

Challenge: Create and complete your own task related to your class topic.

Reading: Children are expected to read 3 times a week and evidence this on Boom Reader.

Spellings: Weekly spellings will be set via Ed Shed and will also be sent via Marvellous Me. Tests will take place every Friday. Times Tables: Use Times Tables Rockstars to practise your times tables.

Please complete and return to your teacher by Friday 18th October 2024
